DANCITY FESTIVAL 2014 "GATEWAY"

presents

GILB'R & DJ SOTOFETT

closing party

June 28, 2014

Palazzo Candiotti, Foligno (PG)

Dancity Festival "Gateway" is the **portal** that will create a **dialogue between the many-sided sensory aspects of art**. From historical tradition to sound innovation, from the baroque location to contemporary art, art exists in all its forms. The **ninth** edition of the electronic music and culture festival, organized by the Dancity Cultural Association, which began with the special event on **May 30th** and the performance by **Flying Lotus**, **Thundercat** and **Captain Murphy** in the beautiful **Piazza del Duomo** in **Spoletto** – will continue on **June 26, 27 and 28, 2014** in **Foligno** at **Auditorium S. Domenico**, **Palazzo Candiotti** and **Serendipity** club.

Created thanks to the contributions of the City of **Spoleto**, **City of Foligno**, **Umbria Region** and other institutions such as the **French Embassy**, as well as thanks to **private supporters**, Dancity Festival continues to wow its audiences with proposals making it **an electronic music and culture festival among the most celebrated in the international landscape**. From this standpoint, the closing of the Festival represents for the organizers an important time in which to celebrate the work and experiences over the course of the year. Choosing an artist to perform at the **closing party** is therefore one of the most complicated choices.

Dancity has considered several DJs, scenarios, and different kinds of proposals – but the wonderful, incredible DJ set by our French friends from Versatile (Gilb'r / I:Cube / Joakim) two years prior still echoed in the air – followed by a no less than amazing daytime live performance with analog instruments in Palazzo Trinci.

The final decision therefore was made for the captain of **Versatile Records**, one of the most constant and influential labels of the last twenty years, whose weapon of choice is the vinyl record: **DJ GILB'R**, the so-called Encyclopedic DJ, the only one with the skill and musical culture to wrap up all the musical nuances of the three-day Festival.

His travelling companion until dawn will be another extremely talented master of the console, with which Gilb'r produced **Concrete Guajiro** just a few months ago, naturally for Versatile Records: **DJ SOTOFETT**.
